

Women's Health Initiative Patient-Centered Medical Home Attestation

Practice Type

I attest that _____ (afore known as the Practice) is a Blueprint Patient-Centered Medical Home.

Provider Billing Information for Attribution

I attest that the list of providers registered with the State for the Women's Health Initiative is up-to-date with the necessary billing information. Any changes in the status of providers in the Practices will be reported to the Vermont Blueprint for Health directly or their local designee within 2 weeks of the change.

Practice Commitment

By accepting funds under the Women's Health Initiative, the Practice agrees to:

1. Implement continuous quality improvement into the Practice including executing and maintaining the following services within the designated timeframes as laid out by the State. At any time, the Practice may be audited by the State and will provide proof as defined by the *Blueprint for Health Implementation Manual* that the services are consistently implemented.

Within **1 month** of receiving the capacity payment:

- Stock the full spectrum of LARC devices at a level adequate for the practice size to ensure the availability of same-day insertions for women who choose LARC as their preferred birth control method and at a rate of at least:

Number of Patients	Minimum Number of Devices
up to 300 patients	at least 5 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
300-499	at least 6 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
500-699	at least 9 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
700-799	at least 12 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
800-999	at least 15 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
1000-1199	at least 18 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
1200-1299	at least 21 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant
1300 or greater	at least 24 devices including 2 of hormonal IUD, 2 nonhormonal IUD, 1 implant

Within the first **3 months** of receiving the capacity payment:

- Update and or implement a policy and procedure for evidence-based, comprehensive family planning counseling
- Develop and implement a policy and procedure for screening, brief treatment, and referral for:
 - Depression
 - Intimate partner violence
 - Substance abuse
- Develop a referral protocol and written agreement with at least 1 PCMH (could include the attesting PCMH) to accept patients who are identified as being without a primary care provider

Within **6 months** of receiving the capacity payment:

- Develop and implement a policy and procedure to provide same-day insertion for those women who choose LARC as their preferred birth control method

Within **12 months** of receiving the capacity payment:

- Develop referral protocols and written agreements with at least 3 community-based organizations to see patients within 1-week of being referred for family planning services at

which time the practice will provide same-day availability for full spectrum of birth control options including LARC

Within **18 months** of performance payments starting:

- Develop and implement a policy and procedure for screening and referral for:
 - Access to primary care/patient centered medical home (PCMH)
 - Food insecurity
 - Housing stability
2. Incorporate the local Community Health Team into the Practice.
 3. When available to women's health providers through the State-appropriated vendor, connect the Practice's electronic medical record to the Vermont Health Information Exchange and the Vermont Clinical Registry.
