<p>Survey Questions</p>	<p>Erin Just</p>		<p>A copy of these survey questions will be available under Action Items. They will also be posted on our website later today.</p> <p>We would appreciate all input and stories from practices around the state in tandem with answering these questions.</p> <p>“For feasibility, will the attestation/survey questions be required by practices?”</p> <ul style="list-style-type: none"> <li>- By the time this survey is going out, it will be a similar requirement to filling out attestations to qualify for funds.</li> </ul> <p>“Clarity around the numerators and denominators in some questions would be helpful.”</p> <p>“Will there be open enrollment, or a set point for receiving funds?”</p> <ul style="list-style-type: none"> <li>- There will be a set date for receiving attestations, however the exact time frame will be a bit flexible, accounting for extraneous circumstances at practices that may delay their attestations.</li> </ul> <p>Perhaps an addition of “If you haven’t hired CHT staff, what are the circumstances preventing that?” Or “Not participating” as an option.</p> <p>“Would there be value in asking about Barriers to Success in practices? In combination with our CEO/CFO meetings at the beginning of the year, we hope to encompass a broad stretch of practices across the state. We hope to end the year in a personal way.</i></p> <p><i>The attestation is planned to be released by mid-July.</i></p> <p><i>Thank you again. Please reach out with any questions you may have.</i></p>
