

VERMONT Blueprint for Health

It was a beautiful day for the Blueprint Leadership Team to gather at the Waterbury State Office Complex on October 2, 2023.

We started off with some uplifting banjo and guitar playing from our Executive Director, Dr. John Saroyan, who performed "Dock of the Bay". Who doesn't love that song?!

Followed by interactive breakout groups sharing experiences based on location, a presentation of Blueprint vs non-Blueprint practices and the program's positive effects on healthcare resources was given by Addie Armstrong, Ph.D., Data Analytics, and Information Administrator.

We enjoyed a delicious lunch from the Café followed by updates on the Home and Community Based services grant opportunities presented by Wendy Trafton, Deputy Director of Health Care Reform. Pat Jones, Interim Director of Health Care Reform, gave a presentation on new payment model possibilities from the federal government.

We ended the day by asking the Blueprint Field Staff Leadership to express their hopes and dreams for the future evolution of our programs and funding.

Thank you to all our Blueprint staff across the State of Vermont, who support the health and well-being of Vermonters with expertise and care.
